

MODULE 11 - CREATING ANIMATION CONTENT

CHAPTER 1

WHAT CAN BE EASILY CREATED?

1 WHAT CAN BE EASILY CREATED?

POSSIBLE CREATIONS

Thanks to digital technology, you can create a variety of designs: greeting cards, posters, photo albums, and much more. For example:

POSTERS

Using graphics and text to create attractive posters.

INVITATIONS

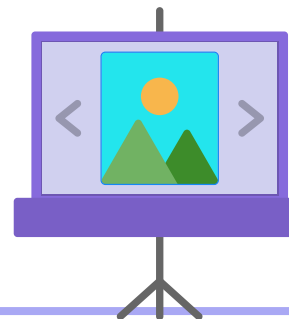

Design of invitation cards for various events.

VIDEO CONTENTS

Create personalized videos with simple animations.

SLIDESHOWS

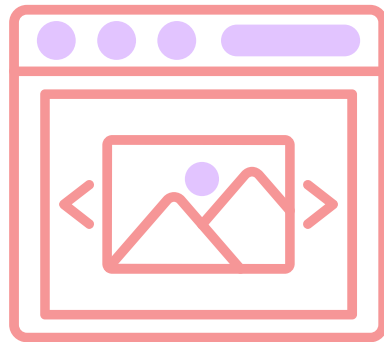

Stitching photos together into an animated sequence with a soundtrack in the background.

1 WHAT CAN BE EASILY CREATED?

SOME MORE EXAMPLES

- A slide show containing examples of each type of creation.

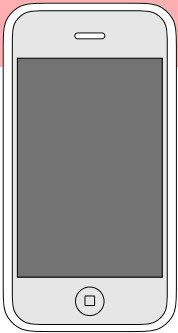

- Visual presentation of posters, invitations, and slideshows created from simple and accessible templates.

1 WHAT CAN BE EASILY CREATED?

WHAT TOOLS CAN BE USED TO CREATE CONTENT?

WITH YOUR SMARTPHONE

- **Using free or affordable apps** like: Canva, KineMaster, or PowerPoint.
- **Importation of photos or images** and add text and graphic elements.
- **Adding music or sound effects** from the app library.

WITH YOUR COMPUTER

- **Using software** like PowerPoint, Canva, or iMovie.
- **Assembling the graphic and text elements** to create the animation.
- **Export the final file** in a video or image format as needed.
